Maybe even better than free.

Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Just upload the file you want to share with your friends and we send you a download link to your file. The cost of that data transfer is covered by your internet service or the data plan on your phone. Keep your files private, or send your download links only to friends or family. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. It is also allowed to link to the download page from websites and communities. You don't need any special software installed to be able to download your files. Any file in any format can be uploaded and downloaded for free. File is free to use with no gotchas and no hidden fees. Our service is completely free for everyone. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. There are no restrictions on the number of times a file can be downloaded. Unfortunately, we can't make that part free. Using file, you can circumvent those limits without paying to upgrade your team chat service. You decide who you want to share your files with. Files can be downloaded from any computer from our high speed servers. Alternatively you can choose to share your download links on blogs, forums and social networking sites. filehosting provides an easy possibility for you to send large files to your friends.
