We have no file size limit. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. No account or credit card is required to get started. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Any file in any format can be uploaded and downloaded for free. The cost of that data transfer is covered by your internet service or the data plan onyour phone. Files can be downloaded from any computer from our high speed servers. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. You can give this download link to your friendsby mail or instant messenger. There are no restrictions on the number of times a file can be downloaded. Keep your files private, or send your download linksonly to friends or family. So try our free and simple filehosting service now. You decide who you want to share your files with. Just upload the file you want toshare with your friends and we send you a download link to your file filehosting provides an easy possibility for you to send large files to your friends. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Using file, you can circumventhose limits without paying to upgrade your team chat service. It is also allowed to link to the download page from websites and communities. Unfortunately,we can't make that part free. If only we could, we surely would! On the other hand, using file can actually save you money. Alternatively you can choose toshare your download links on blogs, forums and social networking sites. You can upload any type of file (movies, music, documents, images, zip fil
