Our service is completely free for everyone. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money indata storage fees. File is free to use with no gotchas and no hidden fees. No account or credit card is required to get started. You can upload any type of file(movies, music, documents, images, zip files and more). filehosting provides an easy possibility for you to send large files to your friends. Keep your filesprivate, or send your download links only to friends or family. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Filescan be downloaded from any computer from our high speed servers. The cost of that data transfer is covered by your internet service or the data plan on yourphone. You can give this download link to your friends by mail or instant messenger. It is also allowed to link to the download page from websites and communities. So try our free and simple filehosting service now. Simply upload your file and share the link. There are no restrictions on the number of times afile can be downloaded. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Using file, you can circumvent thoselimits without paying to upgrade your team chat service. Any file in any format can be uploaded and downloaded for free. If only we could, we surely would!On the other hand, using file can actually save you money. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, datais being transferred between your computer or phone and our servers, then from our servers to your friends device. Why pay storage fees for a file that you justwanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. You decide who youwant to share your files with. Unfortunately, we can't make that part free. You don't need any special software installed to be able to download your file
