Easy order processing with fast delivery.Let us know Usually leaves the warehouse in 34 business days. Match power source voltage with machine voltage. Do not replace plug end. We reserve the right to correct any price, typographical, photographic, color or product page production errors without notice. You can then type in your model number and hit enter it will tell you if the instruction manual is on this page and navigate you to it. If the manual is not on this page, we do not have it in our collection. Join our mailing list. This machine is a marvel of engineering. I bought it from a company that was closing. It was used to stitch the seats on combine tractors here in Thibodaux, Louisiana. I wanted to do vehicle interiors and boat seats but never learned to use it. One of my many abandoned business ventures. Motor runs and machine works. Table has surface rust and some dust. It has been in storage for at least 15 years. I also wouldnt rule out personally delivering. You should use the machine and sign something saying that you have sewed with it and it works as it should.Contact me with any questions or request. Contact a Consew dealer for better specifics or product manual. There is one in Florida that I called and they were helpful. This item can be shipped to United States. No assembly or residential charges necessary. This will not affect

the operation of the machine. Please try a different one. Try selecting a smaller quantity. Suitable for double needle seaming, binding, taping and piping operations Both beginning and seasoned sewers find this feature helpful when stitching projects that dont demand highspeed stitching.
